PROFESSIONAL EXPERIENCE

Director, Talent Acquisition

SponsorUnited, Dec 2022 - Present

High-Growth, Venture-Backed B2B SaaS and AI Data Platform, Acquired by Spectrum, Grew from About 70 to 145 Employees

- Raised successful hires 25% in the first year, cut time-to-hire 20% through workforce planning with senior leadership, and improved recruiting efficiency 30% through continuous process optimization
- First TA leader after the Series A: built the recruiting function from scratch, including sourcing strategy, structured interviews, scorecards, interviewer training, ATS workflows, and offers within pay bands
- Lead a team of 7 to 10 recruiters, sourcers, and coordinators, and serve as HR Business Partner, running performance review cycles and supporting engagement and belonging programs
- Own Engineering, Product, Data, Sales, Customer Success, Marketing, and Finance hiring, including ML Engineer (Computer Vision), MLOps, Sr. Director Data Engineering, SVP Customer Success, Director of Demand Generation, and Controller
- Co-own the hiring plan with Finance and the CEO and COO, run VP and executive searches, and report pipeline health, time to fill, and offer acceptance in Tableau and Power BI
- Partnered with the COO on compliance (SOX, OFCCP, EEO) and SOC 2 certification, led immigration and visa processes with counsel, set up a full team in Romania, and led talent integration after the Spectrum acquisition
- Use AI tools (Claude, ChatGPT) daily to automate sourcing, outreach, and reporting, speeding up outreach 30%

Senior Talent Acquisition Executive (Consultant)
Yale University, Sep 2022 - Dec 2022
Private Research University

- Advised leaders across 5 university departments on talent strategy, workforce priorities, and hiring plans, acting as a strategic talent partner to senior stakeholders
- Coached and managed a team of 6 recruiters, setting priorities, reviewing pipelines, and raising the quality and consistency of hiring across departments
- Rolled out competencies, interview guidelines, and scorecards covering 40+ roles in 90 days, standardizing structured interviews with EEO-compliant documentation
- Used Paycom HRIS to manage hiring workflows, candidate records, and reporting, and improved process consistency and compliance across the talent function

Senior Talent Consultant (Contract)
Google, Sep 2021 - Sep 2022
Global Technology Company, Engineering Recruiting

- Hired 28 software engineers (L3 to L5) in 12 months with 90%+ offer acceptance in one of the most competitive technical talent markets
- Managed 15 to 18 engineering requisitions at a time, prioritizing searches with hiring managers and keeping every pipeline moving
- Partnered with engineering leaders on role calibration, leveling, and hiring bar, and gave evidence-based feedback on candidates through the interview process
- Sourced and engaged passive software engineers with Boolean search, LinkedIn Recruiter, and referrals, and delivered a strong candidate experience from first outreach through offer

Principal Talent Acquisition (Diversity and Inclusion)
UST HealthProof, Oct 2016 - Sep 2021
Healthcare Payer Technology SaaS

- Partnered with business leaders at a high-growth healthcare payer technology company in a regulated industry, delivering 120+ hires a year (550+ over 5 years) for the BPO operations need plus technology, customer success, and certified project management roles
- Led an enterprise change management initiative with the ADKAR model, consolidating Taleo and iCIMS into one platform and training 60+ leaders and managers
- Ran executive, director, and manager-level searches with business leaders, from success profiles and assessments through offer
- Built and led a 5-person team in Mexico and Latin America within a global delivery model with India-based teams
- Raised diverse representation on final slates to 40% and reduced cost-per-hire by 18% with KPIs and dashboards for leadership

Senior Talent Acquisition Manager
UST Global, May 2008 - Sep 2016
Global IT Services and Digital Transformation

- Led a team of 12 across the US and India supporting 50+ clients and an $8M portfolio, with 350+ placements a year and an 85% fill rate
- Cut time-to-submit from 5 days to 2 by streamlining sourcing, screening, and submittal workflows across the delivery team
- Delivered technical and professional talent for clients across industries including pharma, partnering with account teams on priorities and hands-on sourcing
- Set goals and performance expectations for the team, coached and developed leaders, and managed vendor contracts with Legal
