PROFESSIONAL EXPERIENCE

Director, Talent Acquisition

SponsorUnited, Dec 2022 - Present
High-Growth, Venture-Backed B2B SaaS and AI Data Platform, Acquired by Spectrum, Grew from About 70 to 145 Employees

- Built Talent Acquisition from the ground up as the first TA leader after Series A: hiring plan co-owned with the C-suite, structured interviews and scorecards, ATS, dashboards, and an audit-ready process
- Advise the CEO, COO, and CRO on workforce planning, org design, leveling, and offer strategy, and lead executive searches including an SVP Customer Success and a Sr. Director of Data Engineering
- Own engineering, AI/ML, data, product, and GTM hiring as revenue more than doubled, sourcing passive talent with LinkedIn Recruiter, Gem, and AI-assisted outreach that runs 30% faster
- Lead a team of 7 to 10 recruiters, sourcers, and coordinators across the US and Romania, and drove SOC 2 readiness for recruiting tools and candidate data with the COO
- Use Tableau and Power BI dashboards to steer hiring decisions, raising successful hires 25%, cutting time-to-hire 20%, and raising diverse final slates to 40%

Senior Talent Acquisition Executive (Consultant)

Yale University, Sep 2022 - Dec 2022
Private Research University

- Shaped talent strategy and hiring plans for 5 university departments as the strategic talent advisor to senior leaders
- Coached and managed a team of 6 recruiters, setting priorities, reviewing pipelines, and raising the quality and consistency of hiring across departments
- Rolled out competencies, interview guidelines, and scorecards covering 40+ roles in 90 days, standardizing structured interviews with EEO-compliant documentation
- Ran hiring workflows, candidate records, and reporting in Paycom HRIS, tightening process consistency and compliance across the talent function

Senior Talent Consultant (Contract)
Google, Sep 2021 - Sep 2022
Global Technology Company, Engineering Recruiting

- Hired 28 software engineers (L3 to L5) in 12 months with 90%+ offer acceptance in one of the most competitive technical talent markets
- Managed 15 to 18 engineering requisitions at a time, prioritizing searches with hiring managers and keeping every pipeline moving
- Drove role calibration, leveling, and hiring-bar alignment with engineering leaders, and led evidence-based hiring decisions through the interview process
- Sourced and engaged passive software engineers with Boolean search, LinkedIn Recruiter, and referrals, and delivered a strong candidate experience from first outreach through offer

Principal Talent Acquisition (Diversity and Inclusion)
UST HealthProof, Oct 2016 - Sep 2021
Healthcare Payer Technology SaaS

- Owned hiring for a high-growth healthcare payer technology company in a regulated industry, delivering 120+ hires a year (550+ over 5 years) across BPO operations, technology, customer success, and certified project management roles
- Led an enterprise change management initiative with the ADKAR model, consolidating Taleo and iCIMS into one platform and training 60+ leaders and managers
- Led executive, director, and manager-level searches end to end, from success profiles and assessments through offer and close
- Built and led a 5-person team in Mexico and Latin America within a global delivery model with India-based teams
- Raised diverse representation on final slates to 40% and cut cost-per-hire 18%, building the KPIs and dashboards leadership used to run hiring

Senior Talent Acquisition Manager
UST Global, May 2008 - Sep 2016
Global IT Services and Digital Transformation

- Led a team of 12 across the US and India that delivered for 50+ clients and an $8M portfolio, with 350+ placements a year and an 85% fill rate
- Cut time-to-submit from 5 days to 2 by streamlining sourcing, screening, and submittal workflows across the delivery team
- Delivered technical and professional talent for clients across industries including pharma, owning priorities with account teams and sourcing hands on
- Set goals and performance expectations, coached and developed leaders, and owned vendor contracts through Legal review
